PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To Be Held on Tuesday, May 25, 2004

General

The enclosed proxy is solicited by the Board of Directors of Amazon.com, Inc. (the “Company” or “Amazon.com”) for use at the Annual Meeting of Shareholders of the Company to be held at 9:00 a.m., Pacific Time, on Tuesday, May 25, 2004, in the Bay Auditorium of the Bell Harbor International Conference Center, 2211 Alaskan Way, Pier 66, Seattle, Washington 98121, and at any adjournment or postponement thereof.

The Company’s principal offices are located at 1200 12th Avenue South, Suite 1200, Seattle, Washington 98144. This Proxy Statement and the accompanying proxy card are first being mailed to the shareholders of the Company on or about April 12, 2004.

Outstanding Securities and Voting Rights

Only holders of record of the Company’s common stock, par value \$0.01 per share (the “Common Stock”), at the close of business on March 29, 2004, the record date, will be entitled to notice of, and to vote at, the Annual Meeting. On that date, the Company had 404,878,050 shares of Common Stock outstanding. Each share of Common Stock is entitled to one vote at the Annual Meeting.

A majority of the outstanding shares of Common Stock present in person or represented by proxy constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker nonvotes will be included in determining the presence of a quorum at the Annual Meeting.

Proxy Voting

Shares that are properly voted via the Internet or by telephone or for which proxy cards are properly executed and returned will be voted at the Annual Meeting in accordance with the directions given or, in the absence of directions, will be voted “FOR” the election of each of the nominees to the Board named herein, “FOR” the ratification of the appointment of the Company’s independent auditors, and, if properly presented, “AGAINST” the shareholder proposal. It is not expected that any matters other than the election of Directors, the ratification of the appointment of the Company’s independent auditors, and the shareholder proposal will be brought before the Annual Meeting. If, however, other matters are properly presented, the persons named as proxies in the accompanying proxy card will vote in accordance with their discretion with respect to such matters.

The manner in which your shares may be voted depends on how your shares are held. If you own shares of record, meaning that your shares of Common Stock are represented by certificates or book entries in your name so that you appear as a shareholder on the records of the Company’s stock transfer agent, Mellon Investor Services LLC, a proxy card for voting those shares will be included with this Proxy Statement. By following the instructions on your proxy card, you may vote those shares either via the Internet at www.eproxy.com/amzn or by telephone by calling 1-800-435-6710. Voting via the Internet or by telephone is the most cost effective method of voting and assists the Company in reducing postage and proxy tabulation costs. Alternatively, you may vote those shares by completing, signing, and returning the proxy card in the enclosed envelope.

If you own shares in street name, meaning that your shares of Common Stock are held by a bank or brokerage firm, you may instead receive a voting instruction form with this Proxy Statement that you may use to instruct your bank or brokerage firm how to vote your shares. As with a proxy card, you may vote your shares by

completing, signing, and returning the voting instruction form in the envelope provided. Alternatively, if your bank or brokerage firm has arranged for Internet or telephonic voting of shares, you may vote by following the instructions for using those services on the voting instruction form. If your bank or brokerage firm uses ADP Investor Communication Services, you may vote your shares via the Internet at www.proxyvote.com or by calling the telephone number on your voting instruction form.

Attendance and Voting at the Annual Meeting

If you own Common Stock of record, you may attend the Annual Meeting and vote in person, regardless of whether you have previously voted by proxy card, via the Internet or by telephone. If you own Common Stock in street name, you may attend the Annual Meeting but in order to vote your shares at the meeting you must obtain a “legal proxy” from the bank or brokerage firm that holds your shares. You should contact your bank or brokerage account representative to learn how to obtain a legal proxy. We encourage you to vote your shares in advance of the Annual Meeting by one of the methods described above, even if you plan on attending the Annual Meeting. If you have already voted prior to the meeting, you may nevertheless change or revoke your vote at the Annual Meeting in the manner described below.

Revocation

If you own Common Stock of record you may revoke a previously granted proxy at any time before it is voted by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person. Any shareholder owning Common Stock in street name may change or revoke previously given voting instructions by contacting the bank or brokerage firm holding the shares or by obtaining a legal proxy from such bank or brokerage firm and voting in person at the Annual Meeting.

ITEM 1—ELECTION OF DIRECTORS

In accordance with the Company’s Bylaws, the Board has fixed the number of Directors constituting the Board at seven. The Nominating and Corporate Governance Committee of the Board has recommended and the Board has proposed that the following seven nominees be elected at the Annual Meeting, each of whom will hold office until the next Annual Meeting of Shareholders and until his or her successor shall have been elected and qualified: Jeffrey P. Bezos, Tom A. Alberg, L. John Doerr, William B. Gordon, Myrtle S. Potter, Thomas O. Ryder and Patricia Q. Stonesifer. Each properly executed proxy will be voted “FOR” the election of these nominees, unless the shareholder indicates on the proxy that votes are to be withheld as to one or more nominees. The seven nominees for election to the Board who receive the greatest number of votes cast for the election of Directors by the shares present, in person or represented by proxy, shall be elected Directors. Holders of Common Stock are not allowed to cumulate their votes in the election of Directors. Withheld votes and broker nonvotes will have no effect on the outcome of the election. Broker nonvotes occur when a person holding shares in street name, meaning through a bank or brokerage account, does not provide instructions as to how such shares should be voted and the bank or broker does not exercise discretion to vote those shares.

Corporate Governance and Related Matters

General

The Board is responsible for the control and direction of the Company. The Board represents and is accountable only to shareholders and its primary purpose is to build long-term shareholder value. The Board has determined that the following six directors are independent as defined by NASDAQ rules: Mr. Alberg, Mr. Doerr, Mr. Gordon, Ms. Potter, Mr. Ryder, and Ms. Stonesifer.

Board Meetings and Committees

The Board meets regularly during the year and holds special meetings and acts by unanimous written consent whenever circumstances require. During 2003, there were ten meetings of the Board. All Directors attended at least 75% of the aggregate of the meetings of the Board and committees of which they were members, and each Director attended the Company's 2003 Annual Meeting of Shareholders.

The Board has established an Audit Committee, a Leadership Development and Compensation Committee, and a Nominating and Corporate Governance Committee. The Committees are responsible to the full Board. The functions performed by these Committees, which are set forth in more detail in their charters, are summarized below.

Audit Committee. The Audit Committee represents and assists the Board in fulfilling its oversight responsibility relating to the Company's financial statements and financial reporting process, the qualifications, independence and performance of the Company's independent auditors, the performance of the Company's internal audit function, and the Company's compliance with legal and regulatory requirements. The current members are Mr. Alberg (Chair), Mr. Ryder, and Ms. Stonesifer. The Board has designated Mr. Alberg as the Audit Committee Financial Expert, as defined by Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934. Effective June 1, 2004, the Audit Committee will consist of Mr. Alberg (Chair), Ms. Potter, and Mr. Ryder. Each current member, as well as Ms. Potter, is independent as defined by NASDAQ rules for Audit Committee membership. The Audit Committee met nine times in 2003.

Leadership Development and Compensation Committee. The Leadership Development and Compensation Committee evaluates the Company's programs and practices relating to leadership development, establishes and reviews compensation of the Company's executive officers, and administers the Company's equity-based and certain other compensation plans, all with a view toward maximizing shareholder value. The current members are Mr. Doerr (Chair) and Mr. Gordon, each of whom is independent as defined by NASDAQ rules. The Leadership Development and Compensation Committee met twice in 2003.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee reviews and assesses the composition of the Board, assists in identifying potential new candidates for Director, recommends candidates for election as Director, and provides a leadership role with respect to corporate governance of the Company. The current members are Mr. Doerr (Chair) and Ms. Stonesifer, each of whom is independent as defined by NASDAQ rules. The Nominating and Corporate Governance Committee met five times in 2003.

The Nominating and Corporate Governance Committee considers candidates for Director who are recommended by its members, by other Board members, by shareholders and by management, as well those identified by a third party search firm the Company has retained to assist in identifying and evaluating possible candidates. Ms. Potter was initially recommended to the Nominating and Corporate Governance Committee by a third party search firm. The Nominating and Corporate Governance Committee evaluates Director candidates recommended by shareholders in the same way that it evaluates candidates recommended by its members, other members of the Board, or other persons. The Nominating and Corporate Governance Committee considers all aspects of a candidate's qualifications in the context of the needs of the Company at that point in time with a view to creating a Board with a diversity of experience and perspectives. Among the qualifications, qualities and skills of a candidate considered important by the Nominating and Corporate Governance Committee are a commitment to representing the long-term interests of the shareholders; an inquisitive and objective perspective; the willingness to take appropriate risks; leadership ability; personal and professional ethics, integrity and values; practical wisdom and sound judgment; and business and professional experience in fields such as operations, technology, finance or marketing.

Shareholders wishing to submit recommendations for Director candidates to the Nominating and Corporate Governance Committee must provide the following information in writing to the attention of the Secretary of the Company by certified or registered mail:

- the name, address, and biography of the candidate, and an indication of whether the candidate has expressed a willingness to serve;
- the name, address, and phone number of the shareholder or group of shareholders making the recommendation; and
- with respect to common stock beneficially owned by the shareholder or group of shareholders making the recommendation, and to the extent any shareholder is not a registered holder of such securities, proof of the number of shares and length of time held.

To be considered by the Nominating and Corporate Governance Committee for the 2005 Annual Meeting of Shareholders, a Director candidate recommendation must be received by the Secretary by December 13, 2004.

Compensation of Directors

Leadership Development and Compensation Committee Report on Executive Compensation

The Company offers compensation packages designed to attract and retain outstanding employees and to encourage and reward the achievement of corporate goals. Through broad-based employee ownership of Common Stock, the Company seeks to align employee financial interests with long-term shareholder value.

Executive officers receive total compensation packages in line with their responsibilities and expertise. The Company believes that the majority of an executive’s compensation should be closely tied to overall Company performance. Accordingly, base salaries for executive officers in most cases are relatively low, but are accompanied by significant stock award grants and, in certain cases, cash bonuses.

Base Salaries. Salaries for the Company’s executive officers are based on the executive’s contribution to Company performance, level of responsibility, experience and breadth of knowledge. Base salaries for executive

officers generally are designed to be significantly less than those paid by similar companies. These lower base salaries are combined with large stock award grants, so that the major portion of the executive's pay is tied to Company performance, and sometimes with cash bonuses. In 2003, no executive officer received a salary increase from 2002 and base salaries remain significantly below market rates.

Stock-Based Compensation. The Company seeks to align the long-term interests of its executive officers with those of its shareholders. As a result, each executive officer receives a significant stock award grant when he or she joins the Company. Grant sizes are determined based on various subjective factors, primarily related to the individual's anticipated contributions to the Company's success. The Company also has granted additional stock awards to executive officers on a periodic basis, based on various subjective factors primarily related to the Leadership Development and Compensation Committee's assessment of each officer's anticipated contributions to the Company's success.

In late 2002, the Company implemented a restricted stock unit program as its primary vehicle for employee stock-based compensation. Executive officers did not receive any stock-based compensation awards in 2003, based largely on the Committee's assessment of the level of stock-based awards currently held by executive officers.

Bonus Compensation. No amounts were paid out under bonus opportunities granted in 2002 to certain executive officers contingent upon the achievement of performance goals in 2002 and part of 2003. The Company in 2003 paid one executive officer a bonus to align his compensation at competitive levels and made bonus payments to other executive officers under pre-existing contractual commitments. The Company intends to make additional cash bonuses to executive officers from time to time based on performance and potential.

Chief Executive Officer Compensation. Mr. Bezos received \$81,840 in cash compensation from the Company during 2003. Mr. Bezos' compensation was considerably less than may have been paid to an individual with similar responsibilities in a similar industry. Due to Mr. Bezos' substantial ownership in the Company (approximately 26%), Mr. Bezos requested not to receive additional compensation in 2003, and has never received stock-based compensation from the Company.

Ongoing Review. The Leadership Development and Compensation Committee will evaluate the Company's compensation policies on an ongoing basis to determine whether they enable the Company to attract, retain, and motivate key personnel. To meet these objectives, the Company may from time to time increase salaries, grant additional stock awards or provide other short- and long-term incentive compensation to executive officers, including Mr. Bezos.

Section 162(m). Compensation payments in excess of \$1 million to the Chief Executive Officer or the other four most highly compensated executive officers are subject to a limitation on deductibility for the Company under Section 162(m) of the Internal Revenue Code of 1986. The Leadership Development and Compensation Committee does not expect cash compensation in 2004 to its Chief Executive Officer to be in excess of \$1 million. In certain years, cash compensation to some of the Company's executive officers may be in excess of \$1 million and not qualify as performance-based. The Company intends to maintain qualification of its 1997 Stock Incentive Plan for the performance-based exception to the \$1 million limitation on deductibility of compensation payments, although not all awards under that plan will qualify for the exception. Restricted stock unit awards granted to executive officers vest based upon an executive's continued service through the time-based vesting schedule set forth in the underlying agreement, subject in some cases to the satisfaction of certain business criteria intended, among other things, to qualify the award as tax-deductible compensation under Section 162(m)(4)(c) of the Internal Revenue Code.

The 1999 Plan has not been approved by the Company's shareholders. The Leadership Development and Compensation Committee of the Board is the administrator of the 1999 Plan, and as such determines all matters relating to options granted under the 1999 Plan, including the selection of the recipients, the size of the grants and the conditions to vesting and exercisability. The Leadership Development and Compensation Committee has delegated authority to make grants under the 1999 Plan to another committee of the Board and to certain officers of the Company, subject to specified limitations on the size and terms of such grants. A maximum of 40 million shares of Common Stock were reserved for issuance under the 1999 Plan.

Option Plans

1997 Stock Incentive Plan and 1999 Nonofficer Employee Stock Option Plan. In the event of (i) the merger or consolidation of the Company in which it is not the surviving corporation pursuant to which shares of Common Stock are converted into cash, securities or other property (other than a merger in which holders of Common Stock immediately before the merger have the same proportionate ownership of the capital stock of the surviving corporation immediately after the merger), (ii) the sale, lease, exchange or other transfer of all or substantially all of the Company's assets (other than a transfer to a majority-owned subsidiary), or (iii) the approval by the holders of Common Stock of any plan or proposal for the Company's liquidation or dissolution (each a "Corporate Transaction"), the Leadership Development and Compensation Committee will determine whether provisions will be made in connection with the Corporate Transaction for the assumption of the options and other awards, including restricted stock and restricted stock units, under the 1997 Plan and the 1999 Plan or the substitution of appropriate new options or awards covering the stock of the successor corporation or an affiliate of the successor corporation. If the Leadership Development and Compensation Committee determines that no such assumption or substitution will be made, vesting of outstanding options and awards under the 1997 Plan and the 1999 Plan will automatically accelerate so that such options and awards become 100% vested and exercisable immediately before the Corporate Transaction.

ITEM 2—RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Under rules and regulations of the Securities and Exchange Commission, the Audit Committee is directly responsible for the appointment of the Company's independent public accountants. The Audit Committee has appointed, and is requesting ratification by the shareholders of the appointment of, Ernst & Young LLP ("E&Y") to serve as independent public accountants for the fiscal year ending December 31, 2004. The affirmative vote of a majority of the outstanding shares of Common Stock present in person or represented by proxy and entitled to vote on the matter is required to ratify the selection of independent auditors. Broker nonvotes will have no effect on the outcome of this matter. Abstentions will be counted as present at the Annual Meeting for purposes of this matter and will have the effect of a vote *against* the ratification of the selection of independent auditors. If shareholders do not ratify the selection of E&Y, the Audit Committee will evaluate the shareholder vote when considering the selection of independent public accountants for the audit engagement for the 2005 fiscal year. In addition, regardless of the outcome of the shareholder vote, if shareholders ratify the selection of E&Y as independent public accountants, the Audit Committee may nevertheless periodically request proposals from the major registered public accounting firms and as a result of such process may select E&Y or another registered public accounting firm.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF E&Y AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2004.

ITEM 3—SHAREHOLDER PROPOSAL REGARDING PERFORMANCE AND TIME-BASED RESTRICTED SHARE PROGRAM FOR EXECUTIVES

The International Brotherhood of Electrical Workers' Pension Benefit Fund, 1125 Fifteenth Street N.W., Washington, D.C. 20005, a shareholder that as of December 31, 2003 owned 24,300 shares of Common Stock, has notified the Company of its intention to propose the following resolution at the Annual Meeting. The affirmative vote of a majority of the outstanding shares of Common Stock present in person or represented by proxy and entitled to vote on the matter is required to adopt the following proposal. Broker nonvotes will have no effect on the outcome of this matter. Abstentions will be counted as present at the Annual Meeting for purposes of this proposal and will have the effect of a vote *against* the proposal. FOR THE REASONS SET FORTH BELOW, THE BOARD RECOMMENDS A VOTE "AGAINST" THIS SHAREHOLDER PROPOSAL.

Beginning of Proposal and Statement of Support by The International Brotherhood of Electrical Workers' Pension Benefit Fund

Proposal

RESOLVED, the shareholders of Amazon.com, Inc. (the "Company") hereby request that the Board of Directors' Leadership Development and Compensation Committee, in developing future senior executive equity compensation plans, utilize performance and time-based restricted share programs in lieu of stock options. Restricted shares issued by the Company should include the following features:

(1) Operational Performance Measures—The restricted share program should utilize justifiable operational performance criteria combined with challenging performance benchmarks for each criteria utilized. The performance criteria and associated performance benchmarks selected by the Leadership Development and Compensation Committee should be clearly disclosed to shareholders.

(2) Time-Based Vesting—A time-based vesting requirement of at least three years should also be a feature of the restricted shares program. That is, in addition to the operational performance criteria, no restricted shares should vest in less than three years from the date of grant.

(3) Dividend Limitation—No dividend or proxy voting rights should be granted or exercised prior to the vesting of the restricted shares.

(4) Share Retention—In order to link shareholder and management interests, a retention feature should also be included; that is, all shares granted pursuant to the restricted share program should be retained by the senior executives for the duration of their tenure with the company.

The Board and Leadership Development and Compensation Committee should implement this restricted share program in a manner that does not violate any existing employment agreement or equity compensation plan.

Statement of Support by The International Brotherhood of Electrical Workers' Pension Benefit Fund

As long-term shareholders of the Company, we support executive compensation policies and practices that provide challenging performance objectives and serve to motivate executives to achieve long-term corporate value creation goals. The Company's executive compensation program should include a long-term equity compensation component with clearly defined operational performance criteria and challenging performance benchmarks.

We believe that performance and time-based restricted shares are a preferred mechanism for providing senior executives long-term equity compensation. We believe that stock option plans, as generally constituted, all too often provide extraordinary pay for ordinary performance. In our opinion, performance and time-based restricted shares provide a better means to tie the levels of equity compensation to meaningful financial performance beyond stock price performance and to condition equity compensation on performance above that of peer companies.

Our proposal recognizes that the Leadership Development and Compensation Committee is in the best position to determine the appropriate performance measures and benchmarks. It is requested that detailed disclosure of the criteria be made so that shareholders may assess whether, in their opinion, the equity compensation system provides challenging targets for senior executive to meet. In addition, the restricted share program prohibits the receipt of dividends and the exercise of voting rights until shares vest.

We believe that a performance and time-based restricted share program with the features described above offers senior executives the opportunity to acquire significant levels of equity commensurate with their long-term contributions. We believe such a system best advances the long-term interests of our Company, its shareholders, employees and other important constituents. We urge shareholders to support this reform.

End of Proposal and Statement of Support by The International Brotherhood of Electrical Workers' Pension Benefit Fund

Recommendation of the Board of Directors on Item 3

The Company currently grants restricted stock units, which vest over time, as its primary form of employee stock-based compensation. As described further in the Leadership Development and Compensation Committee Report, the Company did not grant stock-based compensation to any of its executive officers in 2003, and Mr. Bezos has never received stock-based compensation from the Company. Generally, the Company seeks to align employee financial interests, including those of executive officers, with long-term shareholder value and believes that the majority of its executive officers' compensation should be closely tied to overall Company performance. The Board believes for the reasons set forth below that adopting the policy described in the proposal would be less effective than the executive compensation strategies currently utilized by the Leadership Development and Compensation Committee. The Board therefore recommends that you vote "AGAINST" this proposal.

The duties and responsibilities of the Leadership Development and Compensation Committee, which is comprised solely of independent directors, include establishing and reviewing compensation of the Company's executive officers. The Committee evaluates and considers executive compensation strategies in light of the Company's own long-term objectives and the need to recruit and retain talented executive officers. The Board believes that the Leadership Development and Compensation Committee should be able to measure and reward executive performance by criteria that it believes are appropriate given these goals and objectives of the Company, and should retain the ability to design stock-based compensation programs and individual packages which are appropriate under the circumstances.

At this time, the Board believes that the Company most effectively ties executive compensation to overall Company performance and encourages a commitment to long-term shareholder value by pursuing its current strategy of offering executive officers low base salaries, significant stock-based compensation awards, which vest over multiple years, and, in certain cases, cash bonuses. Consistent with the foregoing, the Board believes that the Company's restricted stock unit program is an appropriate means to implement and achieve the Company's goals. This program aligns the interests of employees with shareholders since employees participate directly in the movements of the stock price over time — both favorable and unfavorable. Restricted stock units, which generally vest over employment periods of between three and six years (although certain grants to executive officers have longer vesting periods), and which do not have dividend or voting rights until vested, provide the Leadership Development and Compensation Committee the ability to tie the grant, vesting or any forfeiture of Common Stock awards to criteria that it determines best suits the goals of the Company's compensation programs, including continued employment and the satisfaction of performance criteria selected by the Committee.

For these reasons, the Board recommends that you vote "AGAINST" the proposal requiring that performance and time-based restricted shares be issued to executive officers.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "AGAINST" THIS PROPOSAL.

The Audit Committee has selected E&Y to continue as its independent public accountants for the fiscal year ending December 31, 2004. The aggregate tax fees billed to the Company by E&Y for the fiscal year ended December 31, 2002 were \$127,000.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a pre-approval policy under which the Audit Committee approves in advance all audit and non-audit services to be performed by the Company's independent auditors. As part of its pre-approval policy, the Audit Committee considers whether the provision of any proposed non-audit services is consistent with the SEC's rules on auditor independence. In accordance with the pre-approval policy, the Audit Committee has pre-approved certain specified audit and non-audit services to be provided by E&Y for up to twelve (12) months from the date of the pre-approval. If there are any additional services to be provided, a request for pre-approval must be submitted by management to the Audit Committee for its consideration under the policy. Finally, in accordance with the pre-approval policy, the Audit Committee has delegated pre-approval authority to each of its members. Any member who exercises this authority must report any pre-approval decisions to the full Audit Committee at its next meeting.

Audit Committee Report

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process. The Audit Committee members do not serve as professional accountants or auditors and their functions are not intended to duplicate or to certify the activities of management and the independent auditors. The Company's independent auditors are responsible for expressing an opinion on the conformity of the Company's audited financial statements to accounting principles generally accepted in the United States.

In this context, the Audit Committee reviewed and discussed with management and the independent auditors the audited financial statements for the year ended December 31, 2003 (the "Audited Financial Statements"). The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management.

Following the reviews and discussions referred to above, the Audit Committee recommended to the Board that the Audited Financial Statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.

PROPOSALS OF SHAREHOLDERS

Proposals of shareholders to be considered for inclusion in the Proxy Statement and proxy card for the 2005 Annual Meeting of Shareholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 ("Rule 14a-8") must be received by the Secretary of the Company on or before December 13, 2004. The submission of a shareholder proposal does not guarantee that it will be included in the Company's Proxy Statement.

In addition, the Company's Bylaws include advance notice provisions that require shareholders desiring to bring nominations or other business before an annual shareholders meeting to do so in accordance with the terms of the advance notice provisions regardless of whether the shareholder seeks to include such matters in the Company's Proxy Statement pursuant to Rule 14a-8. These advance notice provisions require that, among other things, shareholders give timely written notice to the Secretary of the Company regarding such nominations or other business and otherwise satisfy the requirements set forth in the Bylaws. To be timely, a shareholder who intends to present nominations or a proposal at the 2005 Annual Meeting of Shareholders other than pursuant to Rule 14a-8 must provide written notice of the nominations or other business they wish to propose to the Secretary no earlier than February 24, 2005, and no later than March 26, 2005. However, in the event the 2005 Annual Meeting of Shareholders is to be held on a date that is more than 30 days before or more than 60 days after May 25, 2005, then such notice must be received not earlier than the 90th day prior to the date of the 2005 Annual Meeting of Shareholders, and not later than the later to occur of (i) the 60th day prior to the date of such annual meeting, or (ii) the tenth day following the day on which notice of the date of such annual meeting was mailed or public disclosure thereof was made. If a shareholder fails to meet these deadlines and fails to

satisfy the requirements of Rule 14a-4 under the Securities Exchange Act of 1934, the Company may exercise discretionary voting authority under proxies it solicits to vote on any such proposal as it determines appropriate.

The Company reserves the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

Unless you responded that you did not want to participate in householding, you were deemed to have consented to it, and a single copy of this Proxy Statement and the 2003 Annual Report have been sent to your address. Each shareholder will continue to receive a separate voting instruction form.

Among its specific duties and responsibilities, the Committee performs the following, to the extent it deems necessary and appropriate, consistent with and subject to applicable laws, as well as rules and regulations promulgated by the SEC, NASDAQ or other regulatory authorities:

Financial Statements and Financial Reporting Process

1. *Annual and Quarterly Financial Reporting:* The Committee reviews and discusses with management and the independent auditors the annual audited and quarterly unaudited financial statements and related disclosures included in the Company’s quarterly earnings releases and in the Company’s periodic reports on Form 10-K and 10-Q (including the “Management’s Discussion and Analysis” section and officer certifications). The Chair may represent the entire Committee for the earnings releases and quarterly reviews.

The Committee recommends to the Board of Directors whether the annual audited financial statements should be included in the Company’s Form 10-K.

2. *Annual Audit and Communications with Independent Auditors:* The Committee reviews and discusses the scope and results of the independent auditors’ annual audit and quarterly reviews of the Company’s financial statements, and any other matters required to be communicated to the Committee by the independent auditors. The Chair may represent the entire Committee for the quarterly reviews.

3. *Disclosure, Accounting and Financial Controls:* The Committee discusses with management, the senior internal audit executive and the independent auditors the adequacy and effectiveness of the Company's disclosure controls and procedures, the adequacy and effectiveness of the Company's internal controls and procedures for financial reporting, and the Company's risk assessment and risk management policies.

Qualifications, Independence and Performance of the Independent Auditors

4. *Appointment, Compensation, Retention, and Oversight:* The independent auditors report directly to the Committee, which is directly responsible for the appointment, compensation, retention, and oversight of the work of the independent auditors. The Company will provide appropriate funding, as determined by the Committee, for payment of compensation to the independent auditors.

The Committee considers the independence of the auditors as required by law or regulation. The Committee obtains and reviews a report by the independent auditors describing any relationships between the auditors and the Company, or any other relationships that may adversely affect the independence of the auditors, and discusses with the auditors any disclosed relationships or services that may impact the auditors' objectivity and independence.

5. *Approval of Audit and Permitted Non-Audit Services:* To the extent required by law or regulation, the Committee reviews and approves in advance all audit and permitted non-audit services to be provided by the independent auditors and establishes related policies and procedures.

6. *Hiring Former Employees of Independent Auditors:* The Committee establishes policies for the Company's hiring of employees and former employees of the independent auditors.

Performance of the Internal Audit Function

7. *Internal Audits and Reports:* The Committee reviews and discusses with the Company's senior internal audit executive the overall scope and staffing of the Company's internal audits. The Committee reviews all significant internal audit reports and management's responses.

8. *Senior Internal Audit Executive:* The Committee reviews the appointment of individuals to, and any changes in, the senior internal audit position.

Compliance with Legal and Regulatory Requirements

9. *Legal and Regulatory Review:* The Committee reviews legal and regulatory matters that may have a material impact on the Company's financial statements and reviews the Company's compliance policies and procedures.

Other Duties

10. *Complaints:* The Committee establishes procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, and auditing matters and for the confidential, anonymous submission by the Company's employees of concerns regarding questionable accounting and auditing matters.

11. *Outside Advisors:* The Committee is empowered to investigate any matter brought to its attention and has the authority to engage independent counsel and other advisors as it deems necessary to carry out its duties. The Company will provide for appropriate funding, as determined by the Committee, for payment of compensation to such counsel and other advisors.

12. *Related Party Transactions:* The Committee reviews and approves related-party transactions as required by law or regulation.
